16.00–20.00

Entry is free of charge.

The Pill, 181 Mürselpasa Caddesi, 34087
Istanbul, Turkey

This multi-disciplinary and cross generational project is an experimental journey. Through a lens of surrealism, this group exhibition of 29 artists explores the central importance of the house within contemporary art. Bringing experience as artists, poets, architects and designers, the participants build an accumulative scene that creates a vessel for dreams, fears and desires.
